(1) Agree minutes of the last meeting and any matters arising

The minutes had been circulated prior to the meeting and were agreed. The following matters arising were noted.

- Surgery Car Park & Approach Road to the Surgery - The Practice car park had now been completed and was awaiting line painting. ECC had indicated that both the approach road and Recreation Ground car park were scheduled for resurfacing shortly.
- WebGP – Go Live day for this new service was planned for mid-February

(2) League of Friends (LoFs) - CCG Funding review

A review carried out by the NEW Devon CCG had resulted in the loss to Clyst Caring Friends of an annual grant in the region of £11,000. CT gave some background to the meeting and AP circulated the Funding Review document (attached below). There was little to suggest that any meaningful audit of the work of the LoFs had been carried out, leading to the conclusion that this was simply a money-saving exercise.

Representations were been made by various groups and it remained to be seen if these would have any effect.

(3) Feedback from the Exeter Patients Panel

This had last met on 23rd January, here at Pinhoe. Items discussed had included the LoF review and the weekend GP Practice openings, currently being organised by EPC. The group was worthwhile, gave a useful insight into what other PPPs were doing and participation was welcome by any Practice Patient Panel member from any Practice.

(4) Educational Event

Our talk on Dementia was scheduled to go ahead later in the month on 22nd February. Early indications suggested a good attendance was likely.

(6) Any Other Business – No items were offered

(7) Date of the Next Meeting and Schedule for 2017

Agreed as Tuesday 4th April and Val Dixon agreed to act as Chair,

*** The meeting closed and AP thanked everyone for their attendance***
